Thank you for purchasing our product!

We hope that your new *CellSet* gives you many hours of clear and comfortable operation.

This product was designed to connect to a Garmin 2820 and a variety of intercoms. It must be used in conjunction with a KTG Type 2 Intercom Harness: and a KTG 2820 Stereo/mic/power Harness (each sold and packaged separately).

Connect *CellSet* jack **J1** and **J2** to the 2820 Stereo/mic/power Harness you purchased.

Next connect *CellSet's* jack **J3** to the Intercom Harness you purchased.

Refer to the instructions sheets provided with the Intercom Harness, and 2820_Stereo/mic/power Harness. Complete those installations.

Mount the box to the bike using tie wraps.

Turn on your intercom and adjust the intercom volume to its usual settings. Put on your helmet/helmet.

To talk on the phone after you take or make a call, simply speak into your headset's microphone.
