

Installation Guide

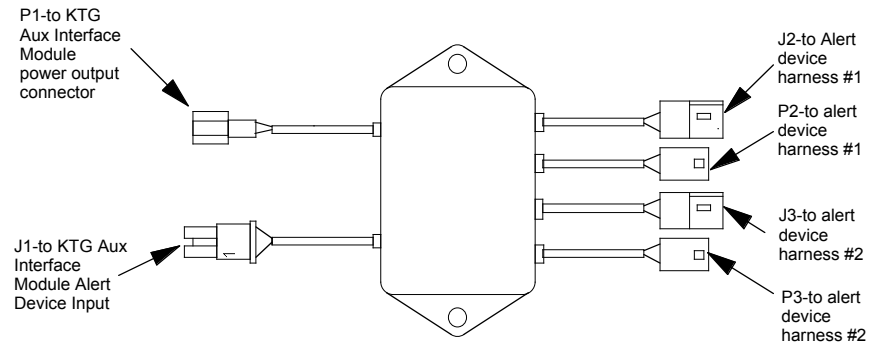

ADDualSet

Document #65405R0

Thank you for purchasing our product! We hope this Kennedy product gives you many years of reliable operation.

This product was designed to connect to a variety of Audio Alert Devices (e.g. GPS, Radar Detectors). It must be used in conjunction with two KTG Alert Device Harnesses, and a KTG Aux Interface Module (e.g. AuxSwitchADSet). Harnesses and modules are *each sold and packaged separately*.

To begin the installation, connect **ADDualSet's** connector J1 and P1 to the Kennedy Aux Audio Module . (packaged separately)

Connect J2 and P2 to Alert Device Harness #1.
Connect J3 and P3 to Alert Device Harness #2.
